- 1 *As We Grow (AWG)* is a clothing business in Iceland. The social objective of the business is to use natural materials, such as wool, and produce environmentally friendly products. It aims to design clothes that will last a long time, to encourage families to buy fewer clothes and reduce waste in society.

AWG's increasing product range now includes jumpers, dresses, shirts and baby clothes. These are produced in small workshops that employ family and friends. Waste is kept to a minimum and any leftover material is used to make scarves and hats. The business has one store in Iceland. It uses its website to advertise and sell its clothing online to customers in other countries. The business has received the Icelandic Design Award for its contribution to the environment.
